ARYSTO

# the ARYSTO COLLECTION

The MERLYN Arysto collection offers the perfect mix of ultra-modern design and expert craftsmanship, producing stunning shower enclosures that make the perfect centrepiece in your bathroom.

Revolutionary state-of-the-art technical innovations are used across the collection to achieve designs that have a beautifully crafted visual balance, making the virtually frameless enclosures gorgeous to look at and a pleasure to use.

Our flawless designs captivate with smooth flowing curves, crisp contemporary lines and show-stopping innovations. Whether you're relaxing or recharging, a MERLYN Arysto shower will transform your bathroom into a luxury escape.

Thank you for choosing a MERLYN Arysto shower.

The MERLYN Team

## INDULGE IN THE ULTIMATE SHOWERING EXPERIENCE

ARYSTO  
EIGHT

reddot design award  
winner 2018

ARYSTO  
SIX

The beautiful ARYSTO SIX range is a unique designer 6mm semi-frameless product that brings a minimal, sophisticated style to any bathroom. The signature glass cut-away creates a floating appearance that has been crafted to amplify and accentuate the lightness of design, without compromising the performance of the product.

- Height 1950mm
- Signature glass cut-out creates a crisp minimal enclosure
- Soft close rollers that glide to an extra smooth close

Introducing the stunning 'virtually frameless' ARYSTO EIGHT range, guaranteed to transform your bathroom space. Subtle design detailing such as the ultra slim frame has been used to enhance the 'virtually frameless' quality of the range. The chamfered edges reflect ambient light reducing the visual impact of the enclosures.

- Height 2000mm
- Ultra slim profiles and subtle design detailing enhance the quality of these enclosures
- Ultra smooth rolling action ensures this door effortlessly glides open and closed

The Arysto X is the ultimate in frameless design with luxury 10mm glass and an ergonomically crafted towel rail handle.

- Height up to 2000mm
- Eyelet handle option available

## ARYSTO TEN

Smooth flowing curves, crisp contemporary lines and stunning frameless designs encapsulate the design essence of the Arysto Ten range. The innovation behind the design takes this range to the next level of luxury. The integration of the Halo Handle and profiles using soft ambient LED lighting create a definite show stopper in any bathroom. This range is beautifully crafted, available in every shape and size imaginable with many luxury Bespoke options available.

- Height up to 2015mm
- Designer hinges highly engineered to ensure smooth and solid opening and closing
- Bespoke options available

## Installation and Survey Service

MERLYN Arysto offer a Survey and Installation Service as we understand that creating your dream showering enclosure can be difficult, especially if dealing with awkward spaces. We have a team of highly skilled and experienced professionals who are trained to survey for varying slopes and angles, look for 'out of true' walls and assess that your choice of enclosure is suitable. Prices available upon request.  
**Please note:** The tray or wetroom floor must be installed and walls finished/tiled before any site survey can be done.

# ARYSTO EIGHT

The Red Dot award winning ARYSTO EIGHT range elevates any space it occupies. Subtle design detailing has been used to enhance the virtually frameless quality of the range. The chamfered edges of the ultra slim frame reflect ambient light reducing the visual impact of the enclosures.

Every detail has been very carefully designed within this range - many of the standard design features have been redeveloped to ensure we maintained the integrity of the design and aesthetic we set out to achieve.

# MERLYN

---

# trays

Beautifully sculpted shower trays, angled and contoured to match all enclosures and spaces, achieving the perfect combination of luxury, elegance and durability.

Truestone Black Shower Tray

## LUXURIOUS TEXTURED SLATE TRAYS

Beautifully handcrafted and ultra-low slate trays, elegant in appearance and luxurious to touch. With 5 finishes to choose from - Black, Sandstone, Graphite, White, and Fossil Grey.

These trays will bring an element of natural beauty and a truly designer finish to your bathroom.

### Features & Benefits

- › Ultra Slim: only 30mm in height.
- › Handcrafted from high grade stone resin.
- › 5 Colour Options - Black Sandstone, Graphite, White and Fossil Grey
- › Integrated Discreet Waste.
- › Luxurious Textured Finish.
- › Can be fitted on or level with floor.
- › Comes with 90mm Fast Flow Waste.
- › Our self cleaning vortex design: Offers a maintenance free solution as it doesn't require any cleaning
- › Please Note: Images are for illustrative purposes only. The colours and finishes shown in the catalogue are as accurate as possible within the limits of the printing process.

### MERLYN Branded Waste Cover

Please ensure that the shower head is not positioned directly over the waste as this may restrict flow rate.

# MERLYN SLIP RESISTANT TRAYS

# SLIP RESISTANT TRAYS

We have carried out all the testing to give you and your family the peace of mind of showering in a safe environment with the splendour of this natural stone effect.

25 YEARS  
GUARANTEE

## EASY CLEAN

All you need is a soft cloth and warm soapy water.

## QUALITY LOOK AND FEEL

The luxury satin look and feel is designed to give confidence while not feeling harsh underfoot.

Scan me for  
more information

Exceeds Class C for DIN 51097 - Barefoot ramp test.  
This ranks MERLYN in a premium class.

# LEVEL25<sup>SR</sup>

The Level25-SR and standard Level25 trays are sleek and ultra slim creating a modern and contemporary feel. At only 25mm high they can be fitted flush to the floor encompassing all the benefits of a wetroom floor and accessibility but without the costly wetroom installation.

## Features & Benefits

- › Ultra slim 25mm low level tray.
- › Sleek minimalist design.
- › Discreet integrated waste cover.
- › Can be fitted on or level with floor.
- › The Level25 tray is capped with an easy to clean surface that provides a chemical resistant, anti-bacterial solution due to it's ultra-smooth, non-porous surface.
- › Comes with 90mm fast flow waste.
- › Shower tray 25 year guarantee.
- › Available in square, rectangular and quadrant trays.

## Waste Cover

Please ensure that the shower head is not positioned directly over the waste as this may restrict flow rate.

# MSTONE

A highly engineered tray providing rigidity and strength and combined with a relatively low weight. MStone trays are ideal for 'low level' installation. Alternatively, you can raise your tray and in such cases you will need the MStone shower tray panel kit.

## Features & Benefits

- › Double skinned for added rigidity.
- › 50mm high to achieve minimalist design.
- › 130mm high including tray panel set.
- › The MStone tray is capped with an easy to clean surface that provides a chemical resistant, anti-bacterial solution due to it's ultra-smooth, non-porous surface.
- › Comes with 90mm fast flow waste.
- › More than 30 sizes available.
- › Available as low level or with tray panel kits for easy installation.
- › Shower tray lifetime guarantee.

## PRODUCT INFORMATION

- › All products are manufactured in accordance with EN 14428 and utilise toughened safety glass to EN 12150. Electrical products comply with all relevant European standards including RoHS, WEEE and IP ratings.
- › All doors feature adjustable wall profiles to compensate for out-of-true walls and have micro adjustment features for fine tuning to obtain a perfect fit and operating action.
- › All wall hinge doors need to be fixed to a solid wall or adequately secure fixing.
- › All standard products are supplied complete with full installation instructions and the necessary fixings.
- › Bespoke sizes cannot be cancelled once order has been processed.
- › Product descriptions do not imply the use of precious or valuable materials.
- › Bath screens are not designed to fit on baths with stepped fronts roll top rims or integral soap dishes.
- › Standard Products - Opened cartons can not be returned. Returns carry a £40 single box charge or £60 per unit where the sale is less than 30 days old. Returns over 30 days old will not be accepted. MERLYN do not accept returns on any bespoke products.
- › ARYSTO TEN by MERLYN is frameless in design. Spray/mist may escape therefore we would recommend use of these enclosures with tiled floors.
- › Water retention is maintained in all products under normal showering conditions. Water jetted, with pressure, directly at joints, seals or openings can naturally force an exit.
- › All enclosures, wetrooms and panels are Power Shower approved – will retain water under normal showering conditions.
- › Only shower enclosures, panels and bath screens are covered by the lifetime guarantee. Please contact the MERLYN sales team for more details.
- › For full details on all product ranges please contact MERLYN.
- › Glass shattering and parts subject to wear are not covered by the lifetime guarantee. Electrical products have a 5 year guarantee and are not covered by the lifetime guarantee.
- › Chrome and Nickel components may differ due to the use of different materials. Please check with your MERLYN Arysto dealer for accurate matching of material samples.
- › Images are for illustrated purposes only. The colours and finishes shown in the catalogue are as accurate as possible within the limits of the printing process. The positioning of all showering heads in the brochure is for illustrative purposes only.
- › Do not direct water directly at the eyelet handle as water will pass through. It is the responsibility of the designer / installer to ensure that the shower head is positioned so this is not an issue.

N.B. We strongly recommend that you use a MERLYN recognised Surveyor and Fitter. CAD or scaled drawings are required especially for sloping panels and panels with dwarf walls. All drawings need to be signed off.

## LIFETIME GUARANTEE

At MERLYN research and development is an integral part of the business. All products go through rigorous testing processes so much so that we can confidently stand behind our products and therefore we offer a Lifetime Guarantee covering all manufacturing defects ensuring ultimate peace of mind.

Glass shattering and parts subject to wear are not covered by the lifetime guarantee. Electrical products have a 5 year guarantee and are not covered by the lifetime guarantee.

Please note that the Mershield is not covered under the guarantee as it is solely dependent on the owner's water supplier and the level of care and maintenance it receives.

## UKCA, CE AND EN INFORMATION

The UKCA (UK Conformity Assessment) mark on MERLYN enclosures is the new standard marking for products on the market in Great Britain (England, Wales and Scotland). It is a declaration that the product complies with GB designated standards.

The CE markings on Merlyn enclosures is a declaration that the product complies with the essential requirements of the relevant European health, safety and environmental protection legislation.

EU and GB legislation requires manufacturers to display either the UKCA mark for Great Britain and a CE mark for the EU and Northern Ireland on their product or packaging. It is an offence to place a product on the relevant market without a UKCA for Great Britain or CE marking for the EU market.

The UKCA marking came into effect on 1st January 2021. However, to allow businesses time to adjust to the new requirements, CE marking can still be used in GB until 1st January 2022. The manufacturer is legally responsible for ensuring that the product conforms to the requirements of both directives.

The European Commission thus refers to the CE marking as a "Passport" which allows products to be freely circulated within the EU single market. The UKCA marking allows products to move freely within Great Britain.

Often consumers will consider the UKCA and CE markings on a product as an indication of conformance to laid down minimum standards and therefore, a minimum level of safety which other products may lack. Both markings are often seen by consumers as a "Symbol of Safety."

## IMPORTANT

For bespoke sizes please provide overall measurements i.e. tile-to-tile or tile-to-outside edge of tray, all surfaces including trays, walls and floors, all angles and cut-outs etc.

MERLYN accept no responsibility for any incorrect measurements and details provided by customers or retailers. Any order placed to correct the mistake is treated as a new order and will be charged as such. MERLYN do not accept any returns on any bespoke products.

### Important Shower Tray Information

Although shower door and enclosure sizes are related to tray sizes it is important to note that most shower trays are tiled down to the rim, often over an "up-stand". The finished installation space may be less than the nominal tray size. MERLYN Arysto shower enclosures are made to suit this remaining space.

The illustrated guide (diagrams on right of page) may be helpful in taking measurements to determine the shower door or enclosure size required. Dimensions given in this publication are in millimetres, are approximate and may vary with adjustment. They are subject to change without notice.

N.B. Please note that when a tray is fitted it is essential that the tray is level before any doors or enclosures are fitted.

### Tray

Ensure strong and secure joints between shower tray and walls, even in the event of floor settlement.

Please supply floor plans, photos, site condition details and note anything that might obstruct the product. Special sizes cannot be cancelled once the order has been processed.

## Adjustment

This is the min and max adjustment of the actual enclosure. Always ensure the outer most part of the enclosure frame is stepped in far enough from the edge of the tray so that the enclosure frame is sitting on a flat surface and can be sealed correctly. Some trays have larger rounded edges and may need a bigger step in. Ensure that the step in leaves adequate space for the product adjustment.

N.B. Take the measurements after the tray is installed and the walls are tiled.

## Disposal and Recycling End of product life

When the product reaches the end of its serviceable life it needs to be disposed of safely and brought to or collected by an approved authorised treatment facility.

## Batteries

Used batteries need to be disposed of responsibly and not with your normal household waste. Please contact your local authority for information on recycling and safe disposal.

Diagram 2 Corner Location

Diagram 3 Out of True Wall

Diagram 4 Wall Location

## IMPORTANT SHOWER TRAY INFORMATION

- › It is up to the designer or installer to ensure that the tray and enclosure combination is arranged in such a way that water retention meets the customers needs.
- › The waste has the capacity to carry away 29L/Min. High powered systems may exceed this. Please check with the manufacturer.
- › Please ensure that the shower head is not positioned directly over the waste as this may restrict water flow rate.
- › Please ensure that the colour and size of shower tray are as per your order before installation.
- › You must inspect the product thoroughly before installation. Fitting the product is acceptance of quality.
- › The trays are handmade from natural material. Please allow for height variances due to manufacturing tolerances.
- › For open ended shower screens please consult your installer.

## ISO CERTIFICATION

MERLYN has implemented an Integrated Management System comprising of Quality Management, Environmental Management and Occupational Health and Safety Management. An Integrated Management System ensures the seamless integration of several different standards into a common system that meets the requirements of each of these standards. These certifications are proof of MERLYN's credibility but also to instil confidence in our potential clients that MERLYN will keep its promises.

- › Shower trays must be fitted as per the fitting instruction. Deviation from the pre installation checks or fitting installation will void the guarantee.
- › When wet, the surface of the majority of shower trays will show an increase in the potential for slipping. This is particularly the case when soap, shampoo, bath oil etc. are used. It is important that designers, installers and users are aware of this.

## CLEANING

- › It is important to clean your MERLYN shower door after every use.
- › Wipe down all the glass and metal parts with a soft cloth.
- › Do not allow lime scale to build up in hard water areas.
- › Ensure that any residual water on the glass is removed after every use.
- › Clean the glass regularly using soapy water.
- › Do not use abrasive products on any surfaces.
- › Install the enclosure in a well ventilated area.
- › When cleaning your ARYSTO X do not direct a high pressure stream at the seals or at a point of overlap between 2 panels as some water may escape.

## Information and Maintenance

Always read the instructions on the packaging. Chrome is vulnerable to acid attack and some strong household cleaners including strong disinfectants, denture cleaners, hair dyes, wine making chemicals and photographic chemicals may contain acid. These materials may have a varying effect on the surface from black spots/streaks (which cannot be removed) to pitting the surface. Contact with these materials should be avoided.

## CONTACT

The MERLYN Arysto collection is available from specialist retail showrooms only. Our dedicated and highly trained MERLYN Sales Team are waiting to provide all the professional assistance and advice needed to help you choose the right enclosure.
